Each year, over 7.3 million visitors come to Palm Beach County. This tourism generates over 70,000 jobs and contributes more than \$7 billion to the local economy.

19,757 financial companies

Employs 269,451 people,

59 billionaires and

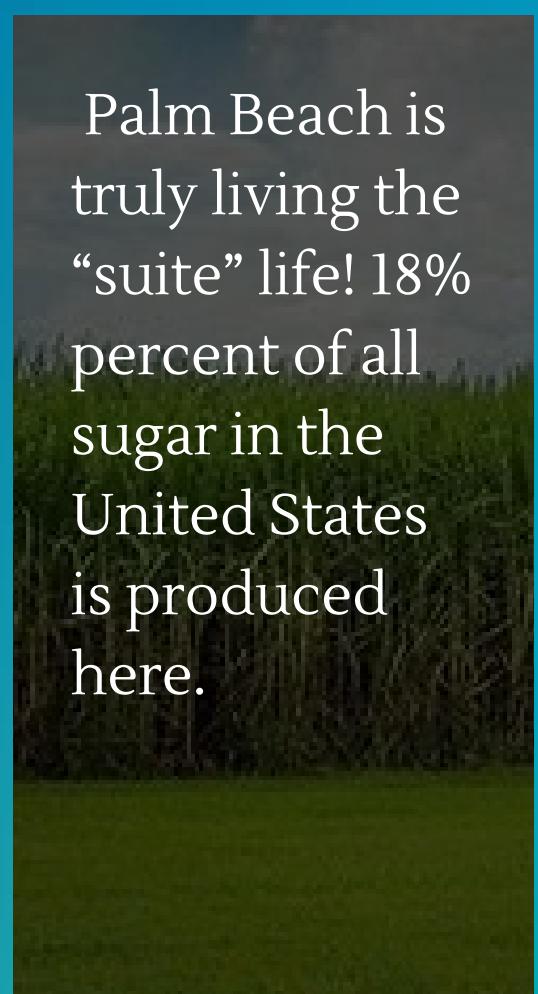

70,000 millionaires

All 12 industries in Palm Beach County saw a GDP increase of at least 50% from 2010 to 2021, with four—Company Headquarters, Finance and Insurance, Professional and Business Services, and Transportation & Warehousing—surpassing 100% growth.

According to a survey, 65% of businesses in Palm Beach County intend to keep their existing commercial real estate space, while 29% anticipate growth and expansion.

Palm Beach is truly living the “suite” life! 18% percent of all sugar in the United States is produced here.
